SPONSORSHIP PACKAGES FOR THE NATIONAL CHAMPIONSHIP WEEKEND

WHAT IS YEDA?

YEDA is a program that encourages youth to develop their skills, get them leasing, showing and purchasing horses. This form of competition seasons students in equestrian riding and in turn they become attractive to collegiate equestrian programs. This opens doors to scholarships dollars not readily available to other youth athletes. College educated members of our industry become contributing horse owners, join equine organizations and spend their disposable income in our industry. The fact is without youth growth we cannot guarantee the future of our equine industry. YEDA's impact is nationwide with youth exhibitors from coast to coast. If you multiply parents, families and their coaches for every youth member our sponsors will expand their reach exponentially. We would greatly appreciate your support and contribution to our National Championship event. Advertise your company, product, school or service.
