*Due to the unique nature of this season from the national shut down due to Covid 19, the last few regular season shows were cancelled. Being aware that these canceled shows affected national qualifiers' outcome, a new compromised way to determine qualifiers was determined. To be fair to all riders for the 2019-2020 Season, National Qualifiers were organized by inviting riders from three lists. These lists highlighted the top 10 riders or 20% from lists that considered riders' top 6 judges as viewed on our database and how qualiferis would have been determined. However we have also invited riders who make up the top 10 or 20% when averaging a rider's top 5 and top 4 judges. With this unique way of organizing the National Qualifiers there will not be alternate riders advanced in the event a rider chooses not to attend the National Championship Event.*

Being aware that these canceled shows affected national qualifiers' outcome, a new compromised way to determine qualifiers was determined. To be fair to all riders for the 2019-2020 Season, National Qualifiers were organized by inviting riders from three lists. These lists highlighted the top 10 riders or 20% from lists that considered riders' top 6 judges as viewed on our database and how qualiferis would have been determined. However we have also invited riders who make up the top 10 or 20% when averaging a rider's top 5 and top 4 judges. With this unique way of organizing the National Qualifiers there will not be alternate riders advanced in the event a rider chooses not to attend the National Championship Event.*
