If the rider exceeds these either of these limits please mark the appropriate check box on the entry form. This will bring the rider to attention so that the riders height and weight can be observed in the database.

This same column is also offered on the **horse description page to note which horses need to be height/weight horses**. Horses who are height/weight horses are horses whom it is bad for their health or carry a rider of a size greater than 5'9" and/or 160#. Or a horse/pony between the size of 13.3 – 14.2, will have the limits of 5'5" – 135#.
