Individual Eligibility Packet

Section R4

R4.01 Academic Eligibility

In order to compete in YEDA shows, a YEDA member must be able to submit proof of academic eligibility guaranteeing they are a full-time student in good academic standing, if requested. Alumni and EWD would be excluded. (See R2.01.)

R4.02 Individual Placement Form

In order to compete in YEDA shows, an individual member showing YEDA must submit a completed YEDA Individual Placement form to the team coach who will sign and forward it to the address on the applicable form prior to the member's first show. Coaches are responsible to evaluate a rider in the appropriate division.

R4.03 An Individual Membership and Placement form must be completed in its entirety, including signatures. This form must be completed and sent with payment to the membership secretary.

R4.04 For a team to be considered "in good standing," both the initial or annual team membership application and dues must be received before the first show in which they seek to participate.

R4.05 Classification by the Coach

Classification is the responsibility of the coach to accurately enter riders in the proper class according to his/her individual skill and experience levels and in compliance with the definitions and descriptions of those levels as set forth in the rules. Coaches will be held responsible for placement.

R4.06 It is the responsibility of the coach to move riders to the proper class when they have used all their eligibility or achieved certain goals as defined in the rules. If a rider has progressed sufficiently in skills, s/he may be moved to a higher class.

R4.07 Once a rider has competed in a level, s/he may not move to a lower level unless directed to do so by a show steward of YEDA.

R4.08 Classification of Student Riders

The National Steward of YEDA has the power to reclassify riders who are competing at incorrect levels. All points and ribbons won in such classes shall be forfeited, but it will not affect the points of other student riders. Classification of riders need not be automatic. When classification is unclear, upon request to the National Steward and submission of biographical information, the National Steward may review the riders' ability for proper classification. A \$25 fee must accompany the formal request. See R23.05

R4.09 Riders may compete in one or two classes per show: horsemanship rail, horsemanship rail/pattern, Ranch riding, and Reining, depending on their eligibility for those classes. This does not include opportunities to compete in Diamond Elite head-to-head challenges or any new challenge classes for both junior and senior high.

R4.10 Falsification of Forms

The falsification of the Team Membership form, Individual Membership form, Individual Placement form, or Eligibility form may be cause for immediate expulsion of the individual, team, or coach from YEDA. Or, they may incur any other penalty assigned by the Rules, Standards and Ethics Committee (RSEC).

R4.11 Forfeiture of Points

A rider showing in a class in which s/he is ineligible shall forfeit those points, ribbons or trophies won.

R4.12 Non-EWD Riders with Special Needs

Riders qualified for individual membership in YEDA, showing in all divisions except Amber and Topaz (See Section 34.) but who have a disability as defined herein may be permitted to compete under the terms and conditions set forth as follows:

- A. A disability is defined as a physical limitation including but not limited to the loss of use of an arm or leg or any part thereof; the loss of or limitation of sight not correctable to 20/40 by corrective lenses; or the loss of or limitation of hearing.
- B. Special equipment is any substitution of tack.
- C. Active assistance is defined as physical, verbal, or sign assistance; or any combination thereof provided in respect to the directing or control of the horse or rider. The use of standard hand signals for “walk,” “trot,” etc. is not considered active assistance.
- D. Riders must choose to compete as an EWD rider (Amber or Topaz) or special needs rider in all other divisions. Riders must choose a category but cannot show both for the season.

R4.13 Before becoming eligible to compete, the student rider and his/her coach must both submit written statements requesting permission to compete and the nature and extent of the limitations, as well as a full statement by the coach as to his/her evaluation of the ability of the person. The statements must be submitted to the membership secretary of YEDA.

R4.14 The membership secretary shall make and provide copies by mail/email to the national steward. The national steward shall designate one member of the board of directors not familiar with the case to observe the rider on a horse at a mutually convenient location within thirty (30) days of the application. The expenses of the national steward’s visit will be covered by the party requesting the steward visit.

R4.15 A video tape, unedited and recorded by a disinterested party, may be substituted for the national steward’s on-sight observation. If, however, the national steward is not satisfied with the tape, s/he may still request personal observation.

R4.16 The national steward shall determine whether the disabled student rider can safely compete without active assistance in the class level for which the person is otherwise eligible under the rules.

R4.17 If the national steward determines that the rider cannot safely compete, then the person shall have the right to a review by the founding members of YEDA by requesting such a review in writing. The request shall state all facts the person believes to be pertinent and must include a statement signed by the person or parent if the person is under eighteen (18), agreeing the decision of the board shall be final and that the person will be bound by that determination.

R4.18 In the event that the person is determined to be eligible to compete, the coach may make entry for such person as any other member of the team; however, the coach must notify the show management at least one week prior to the show that the rider is disabled. The show management shall promptly notify all teams providing horses for the show of the nature and extent of the disability.

R4.19 The provider of horses may, in their sole discretion, determine whether to permit the rider to compete on the provider's horses with or without special equipment. The provider's determination shall be final for that event only. The show management should make every attempt to obtain the provider's determination before the day of the event in order to avoid inconveniencing the disabled person.

R4.20 Riders having temporary physical disabilities will be evaluated on an individual basis as to suitability and safety by the stewards, the show committee, the stable providing facilities, and the persons providing horses for the show.

R4.21 Riders with documentation of special needs will need to draw from a pool of horses in consideration of their needs. The show steward can provide a fair pool of horses.

Show Requirements

Section R5

R5.01 YEDA shows shall be classified as regular, national championship, or invitational events. Show hosts will be responsible for providing suitable facilities, horses, tack and equipment. (See Section 12, Section 39 and Section 40.) YEDA rules shall govern all classes held at YEDA shows. Regular season shows will begin no earlier than July 15 and no later than four (4) weeks prior to the National Championship Show.

- A.** Regular point shows shall be shows that will be held by YEDA and/or a member team in good standing under YEDA rules, and in compliance with the rules to assist. It will be required for member teams to supply horses as outlined in Rule 12.05.
- B.** Horse providers will be expected to have horses available for all their rides per type of show plus some alternate positions and rides.
- C.** If a horse is used excessively due to the disqualification of an unsuitable horse(s) (Reference R5.03), those horse providers will be compensated the rented ride fee for the extra rides by the disqualified horse provider's team. Fees associated with overuse will be facilitated by the show management.

R5.02 Suitable horses are defined as horses that can perform at the show and do the following:

- A.** Be ridden with one hand while on the rail. (Stewards can make adjustments or exceptions with the help of the horse provider. In Pearl division, horses must be able to be ridden with one hand.)
- B.** Stand while rider mounts.
- C.** Take both leads (except for walk/jog horses).
- D.** Stop when asked.
- E.** Perform in a minimum of two (2) divisions.

Examples of poor or unsafe behavior include bucking, kicking, rearing, bolting, or rider being separated from their horse because of bad behavior.

R5.03 Teams providing the same unsuitable horse more than two show days during one season will pay on the third show day of qualification for the rides that the horse needs to cover. The show steward will indicate the horse being pulled for the day on the steward's report.

- A.** This rule also includes horses considered to be not suitable in regard to animal welfare concerns. The image YEDA does not want to present include horses with a body score of less than four (4) when using a scale of one to nine (1–9), such as horses with ribs easily discernible, tops of spinous process easily discernible, tailhead prominent with hook bones easily discernible, withers accentuated and neck obviously thin, obviously sick horses, and horses with grade three (3) or greater lameness (consistently observable at the trot; marked nodding, hitching, or shortened stride; and minimal weight bearing in motion or at rest) are not allowed at YEDA shows. Show management or show steward can dismiss a horse from the show for these reasons. The show steward will indicate the horse being pulled for the day on the steward's report.
- B.** Horses that have been pulled on three show days during a season as determined by show management and the show steward cannot be used again the remainder of the season.
- C.** Horse providers may request a horse be reevaluated by the show steward if the horse has been disqualified for the season.

R5.04 The National Championship Show shall be held annually. YEDA shall approve the site of the show and the judges. The show shall be open to those riders who qualify for the National Championship Show.

R5.05 Invitational events can be held in conjunction with other organizations for promotional purposes. These events can be point or nonpoint shows. Out of season shows cannot be point shows.

R13.02 In order for a show to count, all regular season classes for which rules are provided herein, must be offered. Exceptions may include Diamond Elite classes.

R13.03 Due to inclement weather, or a catastrophic event, a show cannot be held under any circumstances and of no fault to the show hosts. The show hosts are permitted to hold half the entry fees to be used at a future date.

A. Refunds and show credits are paid back to the team and to be used at the coach's discretion.

B. If the show host does not hold a YEDA show in the current or following season the show host must refund all held entries to the team.

C. Any funds left unclaimed from disbanded teams will be paid to the YEDA SIF.

R13.04 Show committees accepting entries for shows that exceed the limitations of the rules of show entries will be given priority. Team entries in order received will have first priority. In the event that a pattern class in which horses compete individually is stopped while in progress, due to storm, accident, or other emergency, the following procedures shall govern:

A. If the class is continued at the same session of the show, it shall proceed from the point at which it was stopped.

B. If the class is continued at a succeeding session of the show, it shall be held over in its entirety, and no scores credited in the first session shall count.

R14.04 If a show is stopped while in progress and is unable to recommence, no points will be awarded for the show.

R14.05 Schooling of horses must be conducted prior to competition for the show steward to review. Schooling of horses will be conducted with the following rules:

A. On the day of the show for a single judge, no rider entered may school a horse to be used in the show prior to that rider having competed in his/her own classes. On the weekend of a double judge two-day show, no rider entered may school a horse to be used in the show prior to that rider having competed in his/her own classes.

- B.** If qualified medical personnel determine that a rider has sustained unconsciousness or a concussion, the rider must be precluded from competing until cleared to compete. In order to return to competition, the rider shall submit a signed letter, completed by a licensed medical professional, stating that the rider is cleared to compete. The letter shall be submitted to the team coach with a copy sent to the national steward in order to compete in YEDA shows.

R17.07 If a re-ride is granted in a class in which all riders compete simultaneously, the class may resume from the point the re-ride is granted and/or can be left to the discretion of the judge and steward to start part or the entire class from the beginning.

R17.08 Re-test is initiated by the judge to see a rider on a horse that is competing in the same class. A judge can also switch riders in a class, which is also considered a re-test.

R17.09 Re-test can be granted when the judge would like to see a rider during a pattern class perform the pattern on a horse already in the group of horses in use in the same class. The show steward will facilitate the student riders in mounting and any equipment changes needed on the new horse designated for the re-test.

R17.10 The steward may stop a class in the event a horse or rider is considered unsafe.

R18.03 All horses should come with a saddle to the arena for their classes. If the saddle does not fit the rider, the stirrup length cannot be adjusted properly, or the size of the seat is too small or too large, a saddle change can be requested. The saddle change must go through the show steward or saddle steward present. The new saddle must be ring side and be an equal opportunity saddle for all riders and all saddle changes for the entire show. Any behavior deemed inappropriate may be presented as a protest to the RSEC or included in a steward's report. At YEDA horse shows, the show management, in conjunction with the stewards, may expel from the grounds any person whose behavior is deemed dishonest, unethical, unsportsmanlike, or detrimental to the health, safety, or well-being of any horse, person, or the YEDA association during the progress of the show. It is the responsibility, therefore, of all parties concerned to be aware of the conduct of participants and the condition of the horses; and, if a violation is observed, a report must be made immediately to the stewards.

Manager and secretary can be the same person as long as that person does not coach a team the day of the show.
- C. Announcer:** This individual announces placing and other information the day of the show.
- D. Judge:** To judge, an individual must be selected from carded breed association as listed (PtHA, APHA, AQHA, ApHC, NSBA, and NRHA). A judge can also be an active Western coach in the IHSA. A judge not qualified under previous rules may be used with permission from the YEDA home office or be qualified under the YEDA judge certification process. The judge needs to understand the difference between a YEDA show and a bread show and agree to fill out scoresheets for all rail and pattern classes.
- E. Show Steward:** This individual needs to understand and uphold the YEDA rulebook. The show steward needs to be present the entire day of the show including the coaches' meeting, horse schooling, and all classes. This individual needs to be able to give a fair and impartial ruling that upholds the current YEDA rulebook and YEDA core values. S/he cannot be related to or affiliated with any team or rider competing in the show. S/he needs to watch each class carefully, grant re-rides if necessary, and approve changing of tack in the paddock. (See R7.01.) During pattern classes, the show steward will monitor the flow of riders entering the arena. S/he will watch when the judge is ready and let the riders know they can enter or even assist the riders with entering the arena. It is suggested for large shows over 125 rides that there be a saddle steward present to help with the changing of tack.
- F. Ring Steward:** This individual is knowledgeable about a horse show, judging, and is ring smart. The ring steward will be in the arena with the judge all day, assisting the judge with scoresheets as a scribe (if the judge wants), calling gates, communicating with the announcer, etc.
- G. EMT or Nurse:** This individual needs to be on the grounds and available from the time the first rider mounts for warm up until the end of the final class.
- H. Paddock Manager:** This individual organizes the horses and riders in preparation for upcoming classes. This individual also helps to manage changing of tack, tightening of girths, and overall safety in the paddock.
- I. Saddle Steward:** This is a position that is needed for larger shows over 125 rides to assist with the changing of tack in a fair way when saddle changes are needed.
- J. In-gate and Out-gate Staff:** There should be a responsible horseman at each gate at all times. This is for safety and time efficiency of your show.

Judges
Section R22

R22.01 Qualifications

- A. To judge, an individual must be selected from carded breed association as listed (PtHA, APHA, AQHA, ApHC, NSBA, and NRHA). A judge can also be an active Western coach in the IHSA.
- B. A judge not qualified under R22.02-D can be qualified under the YEDA judge certification process, with prior approval from the YEDA board and the national steward by the closing date of the horse show.
- C. A person may judge up to two (2) shows per YEDA season. One (1) judge may officiate an AM & PM show or back-to-back show with approval from YEDA.
- D. A judge for the National Championship Show should not have officiated at any YEDA show in the current season.
- E. A judge may not officiate if s/he has had a professional relationship with any coach or member of a hosting team, including clinics with any exhibitor or member team, within 120 days prior to the show.
- F. No YEDA individual member may show before a judge with whom s/he has had a professional relationship, including but not limited to clinics, within 120 days prior to the show.
- G. The National Championship Show shall have a minimum of two (2) judges.

R22.02 Responsibilities

- A. Good judging depends on a correct observance of the fine points and the selection of the best rider under the conditions of the class. A judge serves three interests: his/her own conscience, and the interests of the exhibitors and the spectators. S/he should make clear to the audience that the best rider wins. The attention of judges is directed to the difference in requirements as stated in the YEDA rulebook for the class in question. A judge is obligated to adjudicate each class in conformity with the rules and specifications of that class as they appear in the YEDA rulebook. S/he is expected to have a working knowledge of the rules of YEDA.
- B. The decision of each judge constitutes solely his/her individual preference and not a verdict by YEDA.
- C. No one shall approach a judge with regard to a decision unless s/he first obtains permission from the show steward who shall arrange an appointment with the judge at a proper time and place.
- D. A judge may order from the arena a horse or rider whose actions may endanger other exhibitors and/or horses. (See R25.03.)
- E. All classes will have an individual scoresheet filled out for rail, pattern, rail/pattern, Ranch, and Reining classes. The scoresheets will be posted at the conclusion of every show.

Show Steward

Section R23

R23.01 A regular show shall have one (1) qualified steward.

R23.02 Qualifications

- B.** A steward must hold current YEDA membership as either a regular member or an associate member.
- C.** A steward must have current working knowledge of the YEDA rulebook and know the distinctions between YEDA and other competitive organizations.
- D.** No person may serve as a steward at a show hosted by the institution with which s/he is associated in any manner.

R23.03 Duties

Show stewards serve to interpret the rules of YEDA. The steward's duties include but are not limited to the following:

- C.** Report to the show committee any misrepresentation or substitution of entry without waiting for a protest.
- D.** Report to the show committee any violation of the rules and pursue charges against the violator if not otherwise properly handled.
- E.** Supervise the drawing of horses.
- F.** Fill out and return to the YEDA home office a show-steward report within five (5) days of the show. If there were any show problems or any riders were reclassified, the show report must be forwarded onto the national steward within two (2) days of receipt of the report.
- G.** Collect all accident/claim forms and forward a copy to the YEDA home office within five (5) days of the conclusion of the show.
- H.** Act, when necessary, as the official videographer for Reining, using a tablet or smart phone.

Note: A videographer other than the steward can be hired and used at YEDA shows with prior approval from the YEDA directors.

R23.04 Steward's Powers

Steward's powers include but are not limited to the following:

- A.** Permit re-rides under specific conditions as agreed upon by the show committee and horse provider prior to beginning of competition.
- B.** Determine, under extenuating circumstances or extreme unfairness to one or more exhibitors if a class should be re-run.
- C.** Determine suitability of rider to horse, rider to class, and/or horse to class level.
- D.** Stop a class in the event a horse or rider is considered unsafe.

R23.05 Classification of student riders

- A.** The National Steward of YEDA has the power to reclassify riders who are competing at incorrect levels. All points and ribbons won in such classes shall be forfeited, but it will not affect the points of other student riders.
- B.** Classification of riders need not be automatic. When classification is unclear, upon request to the National Steward and submission of biographical information, the National Steward may review a rider's ability for proper classification. \$25 fee will accompany the formal request.
 - 1.** A student rider may be evaluated by the National Steward outside of the competition day prior to his/her first YEDA show of the year.
 - 2.** Head coach of the student rider may submit a video of the student rider to the National Steward for evaluation.
 - 3.** The National Steward can designate three (3) representatives to evaluate the student rider outside of the competition day prior to his/her first YEDA show of the season. It is recommended to use coaches and/or stewards. Their evaluation will be considered in the National Stewards' reclassification but not automatic. Accompanying video is recommended to be submitted after the evaluation.

Show Program

Section R24

R24.01 The Show Program/Showbill

- A.** The show program must include the following:
1. Name of the judge
 2. Name and address of show manager
 3. Date, location, and phone number for the show
 4. Time of coaches meeting and start of the show
 5. Closing date for entries
 6. Information about food and entertainment
 7. Amount of entry and other fees (Once distributed, the fees may not be changed for said show.)
 8. Disclosure statement
- B.** The show program must be emailed to YEDA to be posted on the official YEDA website not less than two (2) weeks prior to the closing date of entries. (See Section 40.)
- C.** Forms for the show must include the following:
- E.** The entry blank, which must contain spaces for name, class numbers, and the name of the team and exhibitor number.
- F.** An exhibitor number is required for every rider and is used for the duration of the YEDA season.
- G.** The Team Entry form must contain the following statement to be signed by the coach or designated representative of each member team making the entry: *This entry constitutes an agreement and affirmation that the team, riders, coaches, trainers and/or any affiliate, agent, and/or representative of the said individuals making entries (hereinafter collectively referred to as "exhibitors") shall accept and abide by the rules of YEDA and of the show, and that each rider is eligible as entered. Exhibitors certify that each rider is eligible for competition in the level entered, and that exhibitors will accept any rulings of YEDA with respect to their conduct as final and beyond contestation. Additionally, exhibitors agree to defend and hold YEDA, its directors, officials, employees, and all persons, stables, and/or other entities providing facilities, horses or equipment for YEDA shows and activities (hereinafter collectively referred to as "YEDA & affiliates"), harmless for any claim action, or suit, including claim, action, or suit for injury, property damage, or death sustained during participation in the show by the entity, his/her coach, trainer or visitors.*
- H.** Exhibitors hereby acknowledge and recognize that competing in a YEDA event and/or show is an inherently dangerous activity and may result in substantial and serious injury, including but not limited to, maiming, paralysis, and/or death, and that all of the aforementioned individuals openly and freely accept all of the potential risks association with participation in YEDA events/shows. Accordingly, exhibitors agree to waive, release, and hold harmless the YEDA & affiliates from any and all actions, causes of action, suits, debts, promises, damages, judgments, claims, and/or demands whatsoever, in law and/or equity. In making entry into YEDA competition or event, team and/or individuals explicitly indemnify YEDA & affiliates from any threatened and/or actual liability, and agree to defend YEDA and affiliates from the same.
- I.** Each coach must sign the entry blank for entrants from his/her team. In the event of failure to do so, the first entrance into the arena of an exhibitor of that team shall constitute acceptance of the rules of YEDA and of the show by both the team and each entrant from that team. As such, that team and all of its exhibitors shall be held subject to aforementioned rules.

R24.02 Entries

- A.** The acceptance of substitutions is entirely at the discretion of the show committee.
- B.** A show may adopt its own policy regarding the refunding of entry fees to an exhibitor who cancels entries after the closing date. However, each entry shall still be charged the office fee to YEDA, outlined in Rule 5.06 B and all similar cancellations must be handled in the same manner.
- C.** Any violation of financial obligations, including those monies due to the YEDA home office, will result in the team or individual in question being restricted from future shows until such fees are paid. Show management will require entries to be paid prior to the first class.
- D.** In case of discrepancy between information in the show program and that of the entry blank, the entry blank shall take precedence.
- E.** It is recommended that all entries received by the closing date be acknowledged by the show secretary, including a schedule indicating the classes for each entry.
- F.** Teams that would like to enter a show after the closing date and there is available space must pay a late fee of up to \$100 payable to the show management or show host if requested.

- C.** Names of show steward and judge
- D.** YEDA logo and showyeda.com printed on the front cover.

General Judging Requirements

Section R25

R25.01 In all YEDA classes, only the rider is being judged; therefore, no penalty should be assessed because of the horse's conformation, color, or way of going. Tack and equipment used is at the discretion of the horse provider. (See Section 18.)

R25.02 Falls, refusals, and eliminations (See Section 15.)

R25.03 Any rider not having his/her mount under sufficient control shall be removed from the arena and shall be disqualified or remounted at the show steward's discretion.

R25.04 Riders must remain on the same horse throughout all phases of the class unless/until the judge or steward requests a change.

R25.05 No attendant shall be allowed in the arena except at the request of the judge or steward. The exception is the EWD classes.

R25.06 If additional tests are desired and appropriate, the judge's instructions to riders shall be officially announced. It is suggested that the judge go over these instructions with the announcer to assure mutual understanding of the wording. Judges shall not confer with riders individually during the lineup.

Western Horsemanship

Section R26

R26.01 Riders will be judged on seat, legs, hands, and the ability to control and show the horse. Results as shown by performance of the horse are NOT to be considered more important than the method used by the rider in obtaining them.

R26.02 Basic Position

The rider should sit in the center of the saddle and the horse's back with the legs hanging to form a straight line from the rider's ear through the center of the shoulder and hip, touching the back of the heel or through the ankle. Feet should be placed in the stirrups with the weight on the ball of the foot. Consideration in making this judgment, however, should be given to the width of the stirrup. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee. Riding with the toes in the stirrups will be penalized. The rider's back should be flat, relaxed and supple. The shoulders should be back, level and square.

R26.03 Hands

- A.** One hand: Both hands and arms should be held in a relaxed manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. No more than one finger is allowed between the reins when split reins are used. The position of the free hand and arm is optional but should be kept clear of the horse and equipment. Excessive pumping of the free arm as well as excessive stiffness will be penalized.
- B.** Two hands: Except as noted, only one hand is permitted on the reins, and hands are not to be changed. Two hands may be used only on horses designated by the horse provider. When two hands are used, the tails of the reins must be crossed on opposite sides of the neck. The reins must be held with both reins in each hand: bridged, or one rein may be held in each hand. Changes by the rider from one hand to two hands or two hands to one hand are considered a major penalty or disqualification depending on the severity of the penalty.
- C.** Romal reins: When using romal reins, the rider's hand shall be around the reins, with the extension held in the freehand. Bosal and/or hackamore reins shall be held in two hands. No fingers are allowed between reins when using a romal.
- D.** The rein hand should be carried immediately above or slightly in front of the saddle horn. Bracing against the horn will be penalized.
- E.** Reins should be adjusted so that the rider has light contact on the horse's mouth, and at no time shall reins require more than a slight hand movement to control the horse.
- F.** Excessively tight or loose reins will be penalized.
- G.** The hand is to be around the reins at all times.

R26.04 Position in Motion

Rider's base of support should maintain secure contact with the saddle from the seat to the thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf. Riders should sit to jog and not post. All movements of the horse should be governed by the use of imperceptible aids.

R26.05 Class Routines

- A. Horsemanship rail class:** Riders shall enter the arena and show collectively on the rail at all required gaits in both directions prior to any individual testing. The order to reverse should be executed away from the rail. Light contact with the horse's mouth shall not be penalized. Entries shall line up on command. A judge may change a rider from any horse to any other horse in the same class.

- B. Horsemanship pattern class:** Riders will enter the arena collectively or individually. Each rider must perform a designated pattern and be judged individually on a scoresheet. Any or all riders may be required to execute any appropriate tests included in class requirements. Additional testing is optional in all classes. If a retest is granted by the stewards during the horsemanship pattern, the riders may retest on an alternate horse.
- C. Elite pattern class:** The top 4, 6, 8, 12, 16 or more leading teams in team points for the year competing at a show will have the option to designate one rider for the Elite class. Exceptions can be made to the number of riders by show management as long as it is done in a fair and equitable way and all teams have a fair chance. Those riders will compete head-to-head on a horse drawn from a pool of horses or selected by the steward. (This class may not be offered at every show. Show host will decide the number of team riders invited to compete if the class is offered) The number of teams represented and present at a show will also determine the number of riders in this class.

R26.06 Horsemanship Elements

Judge may choose from the following elements, singly or in combination, and/or any other appropriate and equivalent elements that may be deemed necessary:

- A.** Individual performance on the rail
- B.** Halt and/or back
- C.** Extended jog
- D.** Lope & back
- E.** Ride without stirrups
- F.** Counter-canter

R26.07 Faults incurring a score of 0 must be placed below rider/s without or not incurring faults.

- A.** Performing maneuvers other than in the specified order
- B.** Inclusion of maneuvers not specified
- C.** Running away or failure to guide where it becomes impossible to discern whether the rider is on pattern

Reining and Ranch Riding

Section R27

R27.01 Reining Class Procedures

Entries are to perform individually before the judge. Three markers will be placed on the left and right rail: a center marker and two end markers spaced appropriately to the size of the arena to allow easy passage beyond the markers. Personal appointments, positions, and procedures are consistent with the rules governing YEDA.

R27.02 Reining General Guidelines

- A.** Riders are to be judged on proper symmetry of figures, definite changes of speed, direction, and size of circles; proper technical application of natural aids in obtaining lead changes, stops and turns; and reasonable working horsemanship. Emphasis is on precision, technical application, and the ability to show an unfamiliar horse in a preassigned pattern. (Results as shown by the performance of the horse are not necessarily to be considered more important than the methods used by the rider in obtaining them.)
- B. Overriding a reining horse in YEDA:** The definition of override is to ride too much or too hard, to push a horse beyond his comfort or athletic ability. To use too strong or aggressive of a cue for that animal. When the rider's management or lack thereof causes uncontrolled responses by the horse.
- C.** Overriding should be treated as a fault against the maneuver score and marked down according to severity of the deviation of control.
- D.** Judges for YEDA are tasked with seeing through the horse and determining if the fault lies with the rider or the horse.

R27.03 Reining Patterns

- A.** The show committee of each show must determine which pattern is most appropriate based on the suitability of horses and arena footing.
- B.** Patterns may be selected only from the YEDA pattern/rulebook.

R27.04 A winning ride includes the following:

- A.** Proper use of natural aids
- B.** Smooth, consistent figures
- C.** Efficient, well-placed changes of lead
- D.** Definite changes of speed
- E.** Noticeable differences in circle size
- F.** Proper use of arena markers
- G.** Proper working horsemanship

R27.05 Faults incurring a score of 0: Not to be placed

- A.** Illegal use of hands on the reins
- B.** Using the reins as a whip
- C.** Fall by horse or rider (See Section 15.)
- D.** Abuse of the horse

R27.06 Faults incurring a score of 0 that must be placed below rider/s without or not incurring faults:

- A.** Performing maneuvers other than in the specified order
- B.** Inclusion of maneuvers not specified
- C.** Running away or failure to guide where it becomes impossible to discern whether the rider is on pattern

R27.07 Reining rider may untangle excess rein but only when excess rein may prevent the rider from properly executing the pattern. And, rider may untangle excess reins only during periods when such movements may not be used to affect the performance of the horse, such as during hesitations or while settling the horse.

R27.08 Faults incurring major penalties include but are not limited to the following:

- A. Excessive, reckless, or inappropriate speed
- B. Any unnecessary aid by the rider, such as excessive talking, petting, kicking, jerking of reins, etc.
- C. Overly aggressive or abusive use of natural aids
- D. Jogging in excess of 1/2 circle or 1/2 length of the arena while starting a circle, circling, or exiting a rollback
- E. Use of free hand to intimidate or to show praise to the horse
- F. Spurring in front of the girth
- G. Holding or touching the saddle with either hand

R27.09 Reining faults incurring in which severity of the penalty must be determined according to the judges' perception as to whether blame lies more with the horse or the rider include but are not limited to the following:

- A. Figure asymmetry
- B. Failure to properly use arena markers
- C. Starting or completing any circle on an incorrect lead
- D. Starting any lope maneuver at a jog

R27.10 Reining faults incurring in whichever severity of the penalty must be determined according to the judges' perception as to whether blame lies more with the horse or the rider and include but are not limited to the following:

- A. Any deviation from well-balanced stops or turns or timely transitions
- B. Delayed changes of lead
- C. Anticipation of signals by the horse
- D. Backing sideways or refusing to back
- E. Failure to complete the pattern as written will result in a score of 0 unless it is determined by the show steward that the fault was the horse and not the riders' ability. (See Section 17.)

R27.11 Show management must use an official YEDA Reining pattern. Any changes because of horse availability or arena condition must be announced at least thirty (30) minutes prior to the class. Patterns should be worked as stated, not as drawn. The drawn pattern is to give the general idea of how the pattern will appear in the arena.

R27.12 The judge may ask a rider to return to ride any approved Reining pattern on the same or different horse.

R27.13 The YEDA steward will be the official videographer and when possible, to record all Reining rides with the use of a tablet or smartphone. In the event that all rides were not videoed, the video review will not be available for the judge to use.

R27.14 Judges may not confer on any penalty or maneuver prior to submitting a score. If a major penalty (a penalty which results in a no score, zero (0), or five (5) point penalty) is unclear, a judge will submit his/her score and ask that the score be held, pending a conference or review of the official video at the next drag, or as soon as practical. Should the judges determine via conference or video replay that a penalty has been incurred, it should be applied. However, if no penalty occurred, the score will be announced as originally submitted. No judge shall be required to change his/her score following a conference or video replay.

Each judge's decision is an individual call and based on an individual decision from a conference or video replay. The use of video review equipment by a judge is only permissible if the judge has reason to believe that all entries have been videotaped by a YEDA steward with a tablet or smartphone as the official videographer or an official videographer approved by YEDA. **Only a judge may request a video review when determining clarification on a score.**

R27.15 A coach with rider/s in the respective class may request a video review from the show steward **only when there is an official videographer and scores being announced. The coach believes a major penalty (penalty score zero (0) and five (5) point penalty) has incurred.**

- A. A judge has the right to deny or honor the request. The judge has the ability to request video review if there is an official videographer in place.
- B. The show steward will verify the penalty is score (0) and/or five (5) on a maneuver, otherwise the video review is not permitted.
- C. ~~The request must be made no later than thirty (30) minutes after the conclusion of the Reining class before it is placed and before the judge(s) has left the grounds for the day.~~
- D. Coaches may not have direct contact with the judge(s) during the entire process of requesting a review. The request must be submitted to the YEDA show steward, who will take the request to the judge(s).
- E. Judges will correct the score if the video review proves a major penalty was applied incorrectly, but they cannot correct any other scores with the exception of the major penalty as defined above. (Judges cannot correct any other scores for riders with the exception of the requested exhibitor.)

R27.16 YEDA permits the judge the option of requesting a re-ride if an unavoidable circumstance disrupts a horse and rider's pattern. In the instance where a re-ride is warranted in the judge's opinion, the judge should advise the YEDA steward as soon as possible. In the case where a horse was able to complete the pattern, but a re-ride is warranted, the score should be held until the coach decides whether to exercise the re-ride option.

R27.17 Ranch Riding Class Procedures

Entries are to perform individually before the judge. Markers may be used but are not required to indicate a point of the pattern. Personal appointments, positions, and procedures are consistent with the rules governing YEDA.

R27.18 Ranch Riding General Guidelines

Riders are to be judged on proper symmetry of figures, definite changes of speed, direction, and size of circles when designated. The Ranch riding class is designed to evaluate the rider's ability to execute, in concert with his/her horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional, and fundamentally correct seat. Horses should have forward motion. The ideal Ranch riding pattern is extremely precise with the horse and rider working in complete unison, executing each maneuver with subtle aids and cues.

R27.19 Ranch Riding Patterns

- A. The show committee of each show must determine which pattern is most appropriate, based on the suitability of horses and arena footing.
- B. Patterns may be selected only from the YEDA pattern/rulebook.

R27.20 A winning ride includes the following:

- A. Proper use of natural aids
- B. Smooth, consistent figures

- A. Performing maneuvers other than in the specified order
- B. Inclusion of maneuvers not specified

R27.23 Ranch riding exhibitors may untangle excess rein, but only when excess rein may prevent the rider from properly executing the pattern. And, the rider may untangle excess reins only during periods when such movements may not be used to affect the performance of the horse, such as during hesitations, or while settling the horse.

R27.24 Faults incurring major penalties include but are not limited to the following:

- A. Excessive, reckless, or inappropriate speed

- E. Use of free hand to intimidate or to show praise to the horse
- F. Spurring in front of the girth

R27.25 Ranch riding faults incurring in which severity of the penalty must be determined according to the judges' perception as to whether blame lies more with the horse or the rider, include but are not limited to the following:

- A. Figure asymmetry
- B. Failure to effectively use the arena and demonstrate spatial awareness
- C. Starting or completing any circle on an incorrect lead
- D. Starting any lope maneuver at a jog

- A. Any deviation from well-balanced stops or turns or timely transitions
- B. Delayed changes of lead
- C. Anticipation of signals by the horse
- D. Backing sideways or refusing to back
- E. Failure to complete the pattern as written will result in a score of 0, unless it is determined by the show steward that the fault was the horse and not the riders' ability. (See Section 17.)

R27.27 Show management must use an official YEDA Ranch riding pattern. Any changes because of horse availability or arena condition must be announced at least thirty (30) minutes prior to the class. Patterns should be worked as stated, not as drawn. The drawn pattern is to give the general idea of how the pattern will appear in the arena.

R27.28 The judge may ask a rider to return to ride any approved YEDA Ranch riding pattern on the same or different horse.

R27.29 Judges may not confer on any penalty or maneuver prior to submitting a score.

R27.30 YEDA permits the judge the option of requesting a re-ride if an unavoidable circumstance disrupts a horse and rider's pattern. In the instance where a re-ride is warranted in the judge's opinion, the judge should ask the YEDA steward as soon as possible. In the case where a horse was able to complete the pattern, but a re-ride is warranted, the score should be held until the coach decides whether to exercise the re-ride option.

G Diamond Rail/Pattern Horsemanship (Class 19)

1. Open to riders who have pointed out of classes 17 & 18.
2. Open to new riders as described in R33.04.
3. Patterns for this division must be chosen from the official YEDA patterns or YEDA rulebook. Patterns for this division may be performed in the center of the arena. Rail work will be done first and patterns second. It is the judgement of the show steward to leave all riders in the arena for the pattern work or to pull them out of the arena and then work off the gate. Riders are to remain mounted. If riders exit the arena for the pattern work the first rider on pattern may stay in the pen. That rider is allowed to communicate with their coach for 30 seconds at the rail before their pattern begins.
4. YEDA elements **A-F** may be asked. (See R26.06.)
5. Execution: If a rider is on pattern but is having a problem executing a maneuver, this does not mean an automatic disqualification (DQ). The maneuver will be indicated "over" with a signal. The signal can be a whistle or announcement through the scribe or ring steward. The rider will continue on with the pattern and the maneuver will be scored a minus two and a half (2½).

H Diamond Reining (Class 20)

1. Open to riders as described in R33.04.
2. Open to riders showing no lower than class 19.
3. Open to riders who have had six (6) continuous months of professional reining instruction within the past calendar year.
4. To be shown individually in a preassigned pattern from the official YEDA patterns, per Section 27.
5. Show management may place appropriate constraints on the number of entries per team to be determined by the availability of horses, etc. However, each YEDA show must make this class available to at least one (1) rider per team competing at the show from each team.
6. Execution: If a rider is on pattern but is having a problem executing a maneuver, this does not mean an automatic disqualification (DQ). The maneuver will be indicated "over" with a signal. The signal can be a whistle or announcement through the scribe or ring steward. The rider will continue on with the pattern and the maneuver will be scored a minus two and half (2½).

I Diamond Elite Pattern Horsemanship (Class 31)

1. Open to riders showing in the Diamond division, classes 19 & 20.
2. Show management must designate on their showbill prior to the show if they will offer Diamond Elite and how many spots will be available for the day of the show.
3. Entries will be taken at the coaches' meeting prior to the start of the show. Based upon the current team standings as indicated by the date in the showbill.
4. To be shown individually in a preassigned pattern, from the official YEDA patterns, or YEDA rulebook.
5. Each eligible team is represented by one rider in "head-to-head" competition based on NCEA format. **The top** teams will be eligible to compete in the Elite class. Priority is given to the top teams ranked based on current season cumulative points prior to the start of the day's competition.

6. Execution: If a rider is on pattern but is having a problem executing a maneuver, s/he is not automatically disqualified (DQ). The maneuver will be indicated "over" with a signal. The signal can be a whistle or announcement through the scribe or ring steward. The rider will continue on with the pattern and the maneuver will be scored a minus two and a half (2½).
7. Diamond Elite may not be available at every show.
8. Diamond Elite will be run at the National Championship Show offering an entry to each senior high team competing in the team competition. The top teams will send a Diamond Elite rider. Organization of the National Horse Show

Section R39

R39.01 Officials

- A. Two qualified judges will be hired for the YEDA National Championship Show.
- B. A national show manger will be hired and in charge of all things to do with the YEDA National Championship Show.
- C. A minimum of two qualified stewards for the arena and one saddle steward will be utilized.

R39.02 Procedure of Show

- A. Individual classes that need to be split into sections will be divided by a random selection starting at the highest placing individual.
 - 1. Designate a number signifying the split in order (e.g., 1, 2, 3 repeat and so forth) to eliminate strong or weak splits.
- B. Final placing should be posted at the completion of the class—both sections but not the individual scoresheets.
- C. The tiebreaker judge will be designated and posted prior to the show.
- D. In the event of a tie in the team standings, the tie will be broken by the team with the greatest number of first (1st) places. If they are still tied, the tie will be broken by the team with the greatest number of second (2nd) places, and if still tied, this pattern will continue for 3rd, 4th, 5th, and 6th places.
- E. In the event this method does not break the tie, the high school team tie will be broken by the team who placed the highest in Diamond rail/pattern team horsemanship. The junior high tie will be broken by the highest placing team in the Sapphire rail/pattern team horsemanship. If neither team has a rider in the aforementioned classes, the tie will be broken using the next lower division rail horsemanship.
- F. Class ties: In the event of a tie in a class, it will be broken by the tie breaker judges' cards, not the scoresheet. Judge A will break all odd numbered classes, and judge B will break all even numbered classes.
- G. High Point rider ties: In the event of a tie in the individual High Point rider competition, the tie will be broken by a horse knowledge question asked by the appointed judge. The tie breaker judge for the high school High Point rider is judge A. The tiebreaker judge for the junior high school High Point rider will be broken by judge B.

Horse Show Hosting Rules

Section R40

R40.01 Personnel and Required Services

Show committee must have in place the following staff and services to have a YEDA sanctioned show:

- A. Show Manager:** Someone who completes all communication and paperwork with the national YEDA office. Managers may assist in coaching a team if they only need to manage the show.
- B. Show Secretary:** Someone who creates the showbill and program before the show. During the show, they manage the office, track points, collect money, organize judge's cards and scoresheets, and create a final program. Manager and secretary can be the same person as long as that person does not coach a team the day of the show.
- C. Announcer:** This individual announces placing and other information the day of the show.
- D. Judge:** To judge, an individual must be selected from any carded breed association as listed (PtHA, APHA, AQHA, ApHC, NSBA, and NRHA). A judge not qualified under previous rule may be used with permission from the YEDA home office. The judge needs to understand the difference between a YEDA show and a breed show and agrees to fill out scoresheets for all rail and pattern classes. (See R22.01-D.)
- E. Show Steward:** This individual needs to understand and uphold the YEDA rulebook. S/he needs to be present the entire day of the show including coaches' meeting, horse schooling and all classes. This individual needs to be able to give a fair and impartial ruling that upholds the current YEDA rulebook and YEDA core values. S/he cannot be related to or affiliated with any team or rider competing in the show. S/he needs to watch each class carefully, grant re-rides if necessary, and approve changing of tack in the paddock. (See Section 23.) During pattern classes the show steward will monitor the flow of riders entering the arena. S/he will watch when the judge is ready and let the riders know they can enter or even assist the riders with entering the arena. It is suggested for large shows over 125 rides that there be a saddle steward present to help with the changing of tack.
- F. Ring Steward:** This is an individual who is knowledgeable about a horse show, judging, and is ring smart. The ring steward will be in the arena with the judge all day, assisting the judge with scoresheets as a scribe (if the judge wants), calling gates, communicating with the announcer, etc.
- G. EMT or Nurse:** This individual needs to be on the grounds and available from the time the first rider mounts for warm up until the end of the final class.
- H. Paddock Manager:** This individual organizes the horses and riders in preparation for upcoming classes. This individual also helps to manage changing of tack, tightening of girths, and overall safety in the paddock.
- I. Saddle Steward:** This is a position that is needed for larger shows over 125 rides to assist with the changing of tack in a fair way when saddle changes are needed per R18.03.
- J. In-gate and Out-gate Staff:** There should be a responsible horseman at each gate at all times. This is for the safety and time efficiency of your show.
- K. Awards/Ribbon Staff:** Their duty is to distribute the awards/ribbons/prizes at the conclusion of each class.
- L. Horse Warm-up Riders:** These riders cannot be exhibitors of the show that day. They can be team riders if they are not participating in the show that day, coaches, horse owners, volunteers, etc. Student riders can warm up the night before the show with the exception of the night before the National Championship Show.

- M. Food Booth:** This can be provided by the facility or by the hosting team. The hosting team can use this as a fundraiser.
- N. Horses:** The amount and ratio should follow R12.05, with the exception of the National Championship Show.
- O. Scoreboard:** This can be as simple as a poster board or a whiteboard. However, the team points need to be posted and updated throughout the show.
- P. Extra Tack:** Use a wide variety of saddles to accommodate all types of riders.
- Q. Horse Name Tags:** Every horse needs to have an identification tag on its saddle pad on at least one side.
- R. Two-way Radio:** Several will be needed so that show officials can easily communicate.

R40.02 Show Approval

- A.** In order to host a show, you need to apply for show approval. Please submit the Show Hosting Application form to YEDA. Shows must be submitted for approval sixty (60) days before the show date. YEDA recommends applying for show approval as soon as possible, so your show can be posted and advertised. The longer teams know about your show increases your chances of a successful show. There will be exceptions to the sixty (60)-day requirement for extemporaneous circumstances. Contact a YEDA board member in this instance.
- B. Show Hosting Application Form:** In order to apply to host a show, you need to have at least a show manager, his/her contact information, show date and a hosting team. Other information such as a location, description, judge, steward, and secretary need to be submitted thirty (30) days before the show.
- C. Event Insurance:** Include with the initial show application, payment for show insurance—the amount included on the show host guide. The rate is negotiated and provided with **Equisure Event Insurance**. This is a requirement, and YEDA will procure insurance for your event for you. If your show is not approved, this payment can be transferred to a different show day or will be returned to you.

R40.03 Create a Showbill

The showbill lets teams know about the show and provides entry forms for your show. The showbill needs to contain all official names, open date that entries will be accepted, due dates for entries, location information about the show, entry forms, Horse Description form, and overall account summary. If you are having a two-day show, duplicate the entry forms. Hosts can add any other information they would like to promote their show or things that their secretary/manager prefers. Put the maximum number of entries in the showbill.

R40.04 Number of Entries and Limiting Entries

No show should exceed 250 rides per day. Entries will be accepted on a first come basis. Entries will only be considered accepted once originals are received with horse description or horse payment and total payment for entries. Emailing entries is helpful; however, this will not be considered an official entry. Teams are limited to forty-two (42) total entries between junior and senior high teams. EWD, Pearl and Alumni entries do not count toward the total number of entries (See R1.01-B.) Show committees may accept additional entries in the junior and senior divisions from one team if the show has not exceeded the maximum number of entries by closing date. (See R13.04.)

R40.05 Final Showbill Approval

When the showbill is complete and needs final approval, send it to **Laura Smith, CEO**. You will get notification that your showbill has been approved or how your showbill needs to be revised. Once the showbill has been approved, the YEDA home office will post it on the website, and the show managers are encouraged to share the showbill with local teams. See the following addresses:

11125 County Road 180, Findlay, Ohio 45840, or, send an email to Lsmith@showyeda.com
When emailing, if you do not receive a reply in five (5) business days, please call. **(419)-957-9054**.

R40.06 Show Program

The show program is the document that is made once the entries have been submitted. The show program must be shared with all participating team coaches twenty-four (24) hours in advance of the coaches' meeting. It contains most of the showbill information—all officials names, location information about the show and host hotel, entries/classes, order of classes, results, and horse descriptions. When making the show program, leave the "Draw" and "Horse" columns blank and these can be filled in during the horse draw on the day of the show.

R40.07 Class Splits

Classes will be split at twelve (12) or more riders. In the event of splits, label them in the name of the class within the show program and on judges' documents, scoresheets and judges' cards.

R40.08 Horse Descriptions

The Horse Description form must be included in the showbill and those descriptions need to be formatted into a list of descriptions that the participants and coaches can read in the show program. Horse descriptions should be posted at the show and be distributed to each coach. Two-hand option must be clearly stated in the description. If no reference to hands or reins, it is considered the horse is one hand only. It is recommended that horse descriptions be on the horse's saddle pad or number holder. The description on the horse is considered the final word.

R40.09 Horse Changes

Horse descriptions should be reviewed at the coaches' meeting and if there are any changes or updates it should be done at the coaches' meeting. In the event that a description needs to change mid show the horse's handler/owner needs to communicate this to the show steward; e.g., the horse started as a no spur horse but now would benefit from spurs. This needs to be communicated to the show steward. The show steward needs to agree to the change and this change needs to be made public through the communication system discussed at the coaches' meeting.

R40.10 Horse Draw Matrix

Before the show starts, the horses need to be assigned to the classes in which they will participate. Use the Horse Description form to place horses in the classes in which they are best suited. The person deciding in which classes to put each horse should be cognizant to put similar horses in the same class if possible. For example, try to put all ranch type horses in the same class and all pleasure type horses in the same class. This allows for a fairer field for riders when possible.

R40.11 The Process of The Horse Draw

This must be done with the show steward present. Conduct the horse draw in the coaches' meeting before the show starts with all coaches and the steward present. The draw during the coaches' meeting can be done in any fair way. Live draw is also an option. The show steward needs to be present at a live draw before the show starts or two stewards need to be hired. A show steward must be present during horse warm up. The show steward can require additional schooling of horses. Horse providers may request additional schooling during the show but must have steward approval.

R40.12 Judges' Cards and Scoresheets

Before the show, print out the scoresheets and judges' cards. Scoresheets should be printed one per page and make sure the judges have enough for everyone in the class. Title the scoresheets before giving them to the judges with class name and class number. Give the judges a copy of all the patterns for the day along with their judges' cards and scoresheets.

R40.13 Prizes and Ribbons (See Section 19.)

Prizes must meet or exceed the following:

- A. Ribbons/Medals/or equivalent prize of greater or equal value for 1st–6th place
- B. Ribbons must have rosettes with a minimum of two (2) streamers and color coordinated to the class placing with a description.

- C. Medals must be color coordinated to the class placing with a description on the medal or neck ribbon, and medal must not be smaller than 2.5" round.
- D. Equivalent prizes must also be color coordinated.
- E. Additional to the 1st – 6th placing ribbon/medal or equivalent, the first (1st) place must have a prize.
- F. Prizes for High Point and Reserve High Point riders for high school and junior high school with a value of \$10 or more.
- G. Prizes for High Point and Reserve High Point teams for high school and junior high school with a value of \$10 or more
- H. Horse-of-the-Day prize must be awarded.
- I. Good Grooming prize must be awarded.
- J. Sportsmanship prize is optional. Sportsmanship patches can be ordered from the YEDA home office. Order form available.

R40.14 Points & Score Board

The show secretary will track and post team standings throughout the day. After all splits of the class have been completed, each team's points should be posted. It is suggested that if a team did not have a competitor in the class, it must be indicated by a dash. However, if the team had a competitor in the class and that rider earned no points, it is indicated with a 0. Scoreboards should be posted in clear view for all spectators to see.

R40.15 High Point Rider

The show committee must award a high school High Point rider and Reserve High Point rider (only eligible to Diamond riders), award a junior high school High Point rider and Reserve High Point rider (only eligible to Sapphire riders), Elementary High Point and Reserve High Point rider.

R40.16 Submit results to the YEDA home office.

The following items need to be mailed to the YEDA home office within five (5) days of the show:

1. A copy of the final official show program completely filled out with all class results and High Point riders
2. Original entry forms
3. Horse draw matrix
4. Steward report per show
5. Post show summary report.
6. Original judges' cards and scoresheets (It is suggested to make copies before mailing so that the show secretary has his/her own copies.)
7. Copy of the final scoreboard/team competition results
8. Schooling rider waiver (if applicable)
9. YEDA fee payment per ride will be as follows: (See rule R5.06)

Each show shall remit \$5.00 of each entry fee to YEDA for shows under 75 entries. Each show shall remit \$6.00 of each entry fee to YEDA for shows under 125 entries. Each show shall remit \$7.00 of each entry fee to YEDA for shows under 200 entries. Each show shall remit \$8.00 of each entry fee to YEDA for shows under 250 entries. These funds should be remitted within ten (10) days of the show. All funds must be in United States currency. If dues are not remitted within ten (10) days, YEDA may suspend a team until such time as dues are paid.

It is highly suggested to mail documents with tracking and delivery confirmation and to make photocopies/scans of all documents for the show manager's records before mailing them to the YEDA home office at
