

ATTENTION HORSE PROVIDERS!

HORSE PROVIDERS PLEASE READ THE FOLLOWING INFORMATION

The University of Findlay has strict vaccine and health requirements for any horse. The horses that you are bringing to the show must follow these requirements.

They must have the proper health papers on file pre-sent to the YEDA office to be allowed in the barn.

Entries will not **be accepted without your horse description list and the following health records on the horses listed on your horse description list.** The health information must be sent either hard copy or email with your entries. **NO EXCEPTIONS,** as we do not want anyone to haul a horse to Findlay and be turned away.

The horses must have proof of:

1. A Flu/Rhino vaccine in the last 30 days
2. A Strangles vaccine in the last year if it is in the horse yearly shot routine and if it is their first ever strangles vaccine it must be followed by a booster.
3. A tetanus vaccine in the last year
4. A negative coggins in the last year
5. A deworming within 60 days

If you do your own shots a copy of the receipt for purchasing the above will be sufficient.

Please have it turned in before bringing horses to this event.

Thank you for your understanding.

Emailing copies/photos of these documents 5-30 days before the show is acceptable!
